Officials Go On Boat Ride

Mayor Harold F. Anderson and members of the city council as well as other city and county officials plan to go by boat to Treasure Island a week from Sunday for Redwood City Day at the Golden Gate International Exposition, it was announced today.

Large banners advertising Redwood City will be placed on the upper deck of the Yerba Buena to be seen by thousands of people around the Bay Region as the boat steams up the bay. Special Redwood City Day ribbons will be given to each person on the boat by the chamber of commerce and also special souvenir Treasure Island tickets will be sold on the boat for the benefit of those who do not have Fair tickets, according to Norman S. Menifee, chairman of the co-ordinating committee.

Word was also received from the San Francisco Weather Bureau by the Eagles committee that the forecast for June 2 is "Fair and Mild."

Stores and Offices To Close on Saturday

Proclaimed as a holiday by Governor Olson because of the opening of the San Francisco exposition, Saturday will find all city and county offices, banks, title companies and numerous other offices and some business houses closed for the day.

Silver, as a medium of payment in China, dates back 5000 years.

Today Is Final One To Get In Census Count

Today is the last day on which returns for the census of this community can be accepted, according to Marlan C. Sutherland, supervisor for this district.

Anyone missed by the census enumerators should fill out the blank appearing in this newspaper today on and then send it in tonight to the census office, as indicated.

Since Sutherland announced last week that apparently a number of persons were not counted in Redwood City, more than a score of names have been turned in, but there still are more, it is believed. So that an accurate census count may be made, citizens are urged to co-operate by notifying census headquarters if they have not been counted.

Label Contest Leaders Announced

Tabulators handling the standing of the contestants in the Redwood City Tribune's Label Saving contest have turned the first corner of their race against time in accumulating labels, coupons, boxes, etc., to credit their standings in votes. While there are many trailing far behind in the race, a few of the runners are closing in for a definite place in the race.

For example, their standing to date runs in the order of their listing:

Standings to date: First, John Porter; second, Mary Nunes; third, Gerald Lawrence; fourth, Neal and Irene Hazeltine; fifth, Arvis Shipley; sixth, Mary Osborne. There are others also in the contest.

Of course anything can happen. There is a possibility of a dark horse hiding in the shadows with a huge pile of votes, who could slip into the race at any point with a "blitzkrieg" of labels and throw panic into the minds of the faint hearted racers. Then again it could develop that friends of the above contestants are saving labels to give to those in the lead for a spurt of credits in the half-way mark of the race.

It's still anybody's race, and there's chance for those who haven't entered to appear suddenly with a sizeable amount of votes.

"Fred Allen may be lurking in there," Jack Benny explains to Rochester, as he vigorously sprays the germicide. All of which indicates that the rivalry between the two comedians is as bitter as ever in Benny's newest picture, "Buck Benny Rides Again," opening on Sunday at the Sequoia Theater.

President Smashes Coast Harbor Hopes

Hopes of San Mateo Coastside citizens that they could see an early start on a survey looking toward erection of a breakwater at Pillar Point, to create a harbor at Half Moon Bay, were dashed Tuesday when President Roosevelt vetoed the $109,985,450 rivers and harbors bill. Congressman John Z. Anderson telegraphed Atty. William H. Morrissey of Redwood City that congressional leaders said that no attempt will be made to pass the measure over the President's veto. Mr. Roosevelt said he believed projects already authorized supplied "a sufficient backlog" and that "regardless of every other consideration, it seems to me that the non-military activities of the war department should give way at this time to the need for military preparedness."

Robert Klassen Wins Daly City Position

Robert A. Klassen of Redwood City is the new city engineer for Daly City, as the result of the council's action in discharging Julius Castelan Monday. Castelan recently lost a court action to block his discharge. Economy was given by the council as reason for the change. Klassen, former part-time engineer for the city, will serve on a fee basis. He also becomes superintendent of streets.

Reuter Vindicated Of Battery Charge

In an action which his attorney hailed as "complete vindication," dismissal was granted here of a battery charge which had been brought against Jack Reuter of Redwood City Apr. 11 by Mrs. Anona Cella, 2221 Jefferson Ave., Redwood City. The dismissal was granted by Judge Edward I. McAuliffe on motion of the district attorney's office, represented by Deputy Burress Karmel, who told the court there was insufficient evidence to support the charge. Reuter was represented by Atty. E. D. Lakin of Palo Alto.

DR. CAMPBELL, Dentist

SAYS: "So **intimate** to one's everyday life and so important to one's **appearance** are

DENTAL PLATES

that everywhere dentists are using and recommending the new TRANSPARENT DENTAL PLATE MATERIALS.

For sheer *beauty, naturalness* and *daintiness* they are *unique*. Mere words do not suffice to describe the *artistry* shown in the clever *blending* of color tones that make them so *life-like*, so *gratifying* to the eye and so well *adapted* to their purpose that one can well understand why they are being so enthusiastically *endorsed* by many members of our dental profession, and why we are *proud* of such a great factor that does so much to enable us to make *dental plates* that are nearer in *appearance* to *nature's own* tissues than many materials formerly used.

Transparent Dental Plate Material

Means so much to you! Dentists everywhere are using it in making plates and praising it for these qualities

1. **LIGHTWEIGHT** . . . yet practically unbreakable—so strong the palate can be made thin—clear, transparent and dainty.
2. **SIMILARITY** in color to nature's own gums being so great, results can be obtained that *defy detection.*
3. **SNUG FIT** possible, due to adaptability of transparent material to each individual mouth.
4. **SMOOTH** glossy finish made possible so that plates can easily be kept clean.

MENLO PARK NEWS NOTES

MENLO PARK—At a recent meeting of the city council the application of the Kraft Carnival Co. to show here was denied by a vote of 4 to 1 by the members. Opinion is divided as to whether or not the council did the proper thing. However, they are the rulers and whatever they do must be right.

Harry Doughty is in a private sanitarium at Palo Alto, recovering from a severe illness. Mr. Doughty is one of Menlo's substantial businessmen.

Robert Ricker and wife of Hoover St. have gone to Chicago on a two weeks' vacation. Mr. Ricker is a mail carrier in San Francisco. He plans to retire on a pension in a short time.

Mr. and Mrs. J. W. Ryan are motoring to Seattle from which place they will sail for Alaska. They expect to be absent for two weeks.

The ladies of the Presbyterian Church gave a bean supper in the parochial hall adjoining the church Tuesday evening. About 50 persons were present. The proceeds of the dinner will go towards the building fund.

The grammar school will close for the Summer vacation June 14 with appropriate exercises. Oscar Olson, the principal, has built his school to a high standard and has done good work. The district is fortunate in having his services.

The election for a grammar school trustee takes place June 7. F. W. Johnson will be a candidate to succeed himself. He has held the position for nearly 20 years and has made a splendid official and should be re-elected. He will be opposed by Mr. Akey. A trustee race for the Sequoia Union High School district will take place on the same date. Atty. Edmund O'Connell is a candidate for the place. He is a graduate of the high school and is a young man of sterling honesty and ability.

The city authorities have granted a license to a woman palmist or fortune teller—a license to operate on the highway. The price of the license is $25 a quarter. The lady will have opposition for there is another in town and has been for some years. She also operates on the highway.

Rudolph Leidberg fell down in his apartment on the highway this week and suffered a fracture of his hip. He is at a hospital at San Mateo and is recovering, but it will be sometime before he returns home.

The Chamber of Commerce is arranging for a Menlo Park Day at the fair some time in June. Let us hope the chamber will get full support so the day on Treasure Island will be one "long to be remembered."

Isabelle Weeden Lindquist, chairman of the 26th District of the American Legion Hospital entertainment, presented the following program at the Veteran's Facility near Palo Alto Friday, May 17.

The McKinley Intermediate School orchestra of Redwood City, under the direction of Ronald R. Spink, played "Beacon Lights," a march by Stevens; "Oracle," an overture by Taylor; "Falling Leaves," a waltz by Seredy; "Marche Militaire," by Shubert; "Songs of South," a march by Tocabin, and "Jolly Coppersmith," a novelty march by C. Peter.

Miss Beatrice Bridges, lyric soprano, accompanied by Miss Dorothy Azenedo sang "One Fine Day" from Mme. Buttarfly, and "When You Wish Upon a Star" from Pinnochio.

Miss Dorothy Azenedo, 13-year-old pianist, played a group of Chopin waltzes.

Second Vice Commander Phil Blanchard did impersonations. He also presented an Italian song and recitation and "Early American," a hoosier song.

The Veterans' Facility Glee Club sang "Home On the Range" and "The Long, Long Trail."

Miss Beatrice Bridges, accompanied by Miss Dorothy Azevedo, offered "Songs of the South" and "God Bless America."

First Vice Comm. Harry Walsh and Second Vice Commander Blanchard introduced Legionnaires from Menlo Park, Redwood City, Belmont, Burlingame, San Mateo, San Bruno and Millbrae Posts.

The personnel of the McKinley Intermediate School, Redwood City, under the direction of Spink, follows:

Violins: Virginia Johns, concert mistress; Stanley Baker, Patricia Cezar, Reggie Huggins, Grance Marozik, Florence Tiedeman, John Gill, Marie Bignall, Michel Marque, Fidel Hurtado, Lois Leonhardt, Betty Jean Driffill, Lynn Rasmussen, Donald Ralston, Dick Gatchel, Geraldine Perkins, Priscilla Phillips, Joy Elliott, Alberta Rinke and Ruth Esther Dimick.

MONTGOMERY WARD

New Project Is Won For Local Harbor

Development of another project "of major importance" for the Port of Redwood City was begun this week.

It is the construction of a $35,000 warehouse where bulk cement will be stored for shipment to the Hawaiian Islands.

Builder is the Pacific Bridge Co. of San Francisco, which has a contract to construct the new Pearl Harbor drydocks for the U. S. Navy.

WORK IS RUSHED

Because of the necessity of beginning work on the drydock at once, the warehouse will be rushed to completion within 20 days two shifts of about 20 men each being employed on the local job. Bulk cement then will be trucked in by the firm and stored until a ship load (about 8000 tons) is accumulated. An ocean-going vessel will then be loaded by blowers with the cement and it will be shipped direct to the Hawaiian Islands.

The building permit for the framework of the structure was for $10,000, but Port Manager Leslie M. Rudy said that the cement floor, blowers, hoppers and other equipment would run the cost to $35,000.

The building, with frame sides and corrugated roof, will be moisture-proof and virtually air-tight, Rudy said.

BLOWERS USED

The cement will be hauled in by 20-ton trucks, dumped into a hopper, and blown into the warehouse, lying on the floor of the building until loaded onto ships.

The warehouse is being built opposite warehouse No. 1 northeast of Hinman road, which leads to the port office.

Rudy said that it was expected some 70,000 tons of cement would be shipped within a year, beginning with the first load the first of July.

Exact use of the warehouse after the Pacific Bridge Co.'s Hawaiian contract is fulfilled is not known now, but Rudy said that negotiations are pending which would see a continuance of a movement of cement through the municipal harbor.

SUBSTANTIAL REVENUE

"This is a very important development for the port," Rudy declared, "for it is the start of what is expected to be a continued heavy movement of cement.

"It will bring offshore vessels to the port, and the port will realize a substantial revenue from this movement."

He was unable to say just how much revenue would be derived from the single project, but said significantly that it was "the beginning of a substantial volume of outbound freight."

Co-ordination Urged Of Welfare Agencies

Appointment of a committee of three to study desirability of forming co-ordinating councils in San Mateo County to integrate efforts of local agencies interested in child welfare was decided on when 150 county teachers met in South San Francisco Monday to hear an address by Dr. J. Norman Fenton, director of the California Bureau of Juvenile Research, an agency in the State Department of Institutions for prevention of delinquency. Dr. Fenton, who also is a professor of education at Stanford University, talked on "Community Planning for Child Welfare," urging the co-ordinating council as a means for creating the best and most wholesome environment in the community for young people.

Theodore Roosevelt delivered the shortest Presidential inaugural address—fifty words.

Two More Rabies Cases Discovered in County

Two more cases of animal rabies were reported in San Mateo County Monday, bringing the total for the month to four. There were five cases each in March and April. First new case was that of a stray black cat picked up by Atherton police. So far as could be learned, it scratched no one. Second case was that of a dog belonging to R. L. Gasser at the Daly Auto Court in Lomita Park. The animal died Saturday and the labratory test was completed today. Gasser was advised to see his physician.

Highlights Of Fair Told

Here are the highlights of San Francisco's 1940 World's Fair, which opens Saturday:

America, Cavalcade of a Nation. Great events in the history of the United States portrayed by 1500 characters on a gigantic stage. A dramatic thriller from the landing of Columbus to the gay "nineties" in San Francisco. Three to four shows daily. (See pictures, page 6.)

Aquacade. Billy Rose's spectacular swimming, diving, dancing and singing novelty which won wide acclaim at the New York Fair last year. To be staged in a great wooden tank in International Hall. Three to four shows daily.

Folies Bergere. Clifford Fischer's Parisian vaudeville troupe in a completely new program. One of the big hits of the Exposition last year. Three to four shows daily.

Salici Puppets. A $50,000 marionette show which originated in Italy nearly 200 years ago and has been carried on by the same family in its original form. Hall of Western States. Three to four shows daily.

National Garden Show. Floral exhibit under direction of Howard Gilkey continuing throughout the Fair. Floral sundial, garden plots with formal and informal designs featured.

Symphony Concerts. The San Francisco Symphony Orchestra, under the direction of Pierre Monteux in a series of eight concerts.

Fine Arts Palace. Art in action with Diego Rivera and noted sculptors and painters at work. Construction of mural for San Francisco Junior College. Fresco painting. Printing from 1457 to 1940, celebrating the 500th anniversary of the discovery of printing from movable types. Photographic salon. Old masters. Contemporary European and American art.

Federal Building. Modern trench warfare exhibit by U. S. Army; Navy craft open for inspection; Indian craftsmanship. Federal projects.

University of California Exhibit. Hall of Science. Miniature model atom-smashing cyclotron. Anthropological maps showing migrations of man. Biological exhibits. Visual demonstrations of science.

Move Started To Purchase Butano Area

Dist. Atty. Gilbert D. Ferrell has started legal proceedings looking toward purchase of 436 acres of the Butano forest immediately west of Memorial Park in compliance with instructions issued by the board of supervisors Tuesday, but expressed doubt that the work could be completed in time to authorize a $10,000 payment before June 30, end of the current fiscal year.

Terms of the purchase, authorized by Stanford University through Winfield Scott, manager of the Butano State Forest Association, called for a $10,000 payment in the current fiscal year, another $10,000 payment in December, and equal payments in the two succeeding fiscal years. No interest would be charged on the $40,000 outlay.

Date of the public hearing may be June 11, but more probably June 18, Ferrell said.

The tract is in the Pescadero Creek basin and is part of the 3120-acre area offered to the county last year on a lease-contract basis. Scott warned that negotiations are under way to log the area. Members of the board of supervisors went over the 436-acre tract last week.

"It is the better part of valor to save what we can," Scott declared. "To permit any more forests to be cut in this county would be a blunder by the present generation and a crime against the future."

Representatives of the San Mateo County Federation of Women's Clubs informed the board that it supported the forest acquisition.
